FRED H. BROWN, MAYOR

MAYOR'S INAUGURAL ADDRESS

Gentlemen of the City Council:

Agreeably to the provisions of the city charter, we have assembled here today to organize the city government, and in assuming the obligations of the office to which I have been elected, I should be unfair to the feeling of gratitude which rests within me, as well as wanting with respect to a very pleasant duty, if I did not at this time extend to my fellow citizens my sincere thanks for the endorsement which they have seen fit to give me within the week which has just passed.

Some of the members of the present council have already served in such capacity for a considerable period of time, bringing to us the benefit of their experience as a guide in the matters which will come before this body for attention. This condition seems to be a particularly fortunate circumstance in a year apparently fraught with trouble in so far as the management of the municipal affairs is concerned.

According to figures presented by our city clerk, I find the financial status of the city to be as follows:

FINANCIAL STATEMENT—MARCH 1, 1921

Refunded water and general indebtedness	
bonds,	\$158,000 00
Refunded miscellaneous notes, bonds,	47,000 00
Cemetery trust fund,	26,126 69
Cemetery gate trust fund,	985 13
Chandler trust fund,	2,000 00
Total liabilities, March 1, 1921,	\$234,111 82

Cash on hand, March 1, 1921	\$33,791 21
Cemetery trust fund,	26,126 69
Cemetery gate trust fund,	985 13
Chandler trust fund,	2,000 00
Total assets, March 1, 1921,	\$62,903 03

FINANCIAL STATEMENT—MARCH 1, 1922

Refunded water and general indebtedness	
bonds,	\$145,500 00
Refunded miscellaneous notes, bonds,	43,000 00
Cemetery trust fund,	27,191 69
Cemetery gate trust fund,	1,024 91
Chandler trust fund,	2,000 00
Total liabilities, March 1, 1922,	\$218,716 60
Cash on hand March 1, 1922,	34,848 27
Cemetery trust fund,	27,191 69
Cemetery gate trust fund,	1,024 91
Chandler trust fund,	2,000 00
Total assets, March 1, 1922,	\$65,064 87
Net debt, March 1, 1921,	\$171,208 79
Net debt, March 1, 1922,	153,651 73
Net decrease of indebtedness	
March 1, 1922,	\$17,557 06

HIGHWAYS AND SIDEWALKS

During the past year practically no permanent work has been done to our streets and roads, chiefly because it did not appear to be good judgment to go ahead extensively so long as the price of labor and material remained approximately at the level which they had reached during the period of the World War.

Last year I advocated the macadamizing of the hills on Hamilton, Noble, Mt. Vernon, Grove, Prospect, and Linden streets, with the possible exception of one of the hills just named, so that we might have one approach to the top with an entire dirt roadbed. At the time this recommendation was made, I anticipated that we might have a few thousand dollars which could be used for such purpose, but later it appeared to the council advisable to extend our water system, as well as our system of sewage, to the New Dam, and as this was done, no money was left available for work on our streets.

Our State road is in bad shape from one end to the other, and it will be almost impossible to go through another year without a considerable expenditure of money thereupon.

In the matter of sidewalks, much has been done in the way of permanent improvement during the last twelve months. Granolithic sidewalks have been laid on High street from the foot of Highland hill to the foot of Prospect street; also on the same street from Orange street to the "Old Homestead," so called; also on Franklin street on the southerly side from Green street to Main street, and from thence nearly to Spring street, running south, and as far as Fayette street

running north. Another piece of granolithic sidewalk was laid on Main street, extending from Myrtle street to the Indigo Hill road.

We also laid a large amount of concrete sidewalk, as well as doing much repairing of walks at various points throughout the city. I recommend further work along this line, the location of same to be at such points as may be chosen by your Committee on Roads, Bridges and Drains.

SCHOOLS

My own ideas with relation to school methods are so much at odds with the present system now in vogue in this State, that I presume I am not a competent judge of anything pertaining thereto.

The cost of carrying on our schools, with attendant expense, during the last year has been considerable, but not excessive when compared with other municipalities. Our attitude towards the public schools of the city should always be characterized by liberality, for nothing is more dear to every true American citizen than an education, but when public schools cost each year approximately fifty thousand dollars of money legitimately expended, to educate the children in a city of sixty-seven hundred people, where more than half the children in the community attend parochial schools, it seems to me to be an unhappy situation which needs attending to.

This same sort of a condition is not peculiar alone to Somersworth, but prevails throughout the State, as I understand it,

WATER WORKS

There has been a new chlorine control machine placed at the pumping station and reports from the State Laboratory of Hygiene during the last year with relation to several samples of water sent for analysis have been satisfactory.

The machinery at the station appears to be in good condition, only minor repairs having been found necessary during the entire year.

Many new meters have been installed and several old ones replaced. The gain in receipts testifies to the wisdom of metering and this work should be continued until all services are metered.

Several house services have had to be repaired by reason of corrosion at the curb cock. On account of age, we may expect many such cases in the future.

The cost of maintaining the water works should decrease to some extent in the near future, and if the price of coal ever gets back to normal, the net profit to the city from the water system should be an amount of no small consequence.

I have mentioned above the extension of our water system to the New Dam district, and herewith recommend the further extension of said system on the Dover road as far as Central Park. This improvement in so far as the growth of our city is concerned is most important, since it appears that the building of any new houses in Somersworth is more likely to occur along the line of the State road than at any other point. A water supply would be a great convenience to people now living in that locality, as well as a great incentive to the erection of many new dwelling houses on land now unoccupied.

FIRE DEPARTMENT

Our Fire Department has been doing very efficient work. We have had no fires recently which would tend to test the real merit to be found in the department as it is today, yet, in my opinion, the equipment or men would not be found wanting, whatever they might be called upon to perform.

As a matter of further protection, there is no question but what the department should be motorized as soon as money can be found available for such purpose.

FOREST GLADE CEMETERY

By reason of the fact that the cost of labor and materials remained at about the same level as the year previous, the board of trustees found it necessary to keep the same schedule of prices as was maintained during the year 1920, the amount of money received for services not being sufficient to support this item of the cost account under any lower schedule.

The receiving tomb on West High street, which has made a bad appearance for some time, has been painted and the fence has also been repaired and painted.

The small growth that has been fast growing into the border line of the lots in the northerly end of the cemetery has been cut and trimmed, giving that section a much improved appearance.

The care and supervision of the cemetery has been good, but a great change for betterment might be made if water could be piped into the grounds for use during the hot weather. Under present conditions the roots

of the grass are burned so that the life of the turf is made much shorter than would be the case if water was near at hand.

The trust fund has grown substantially, with prospects good for an increase during the coming year. Some of the lots were placed under perpetual care many years ago, and the income thereof is not adequate for the care of the lots under prevailing conditions. The trustees suggest that those who may be interested in such lots increase the sum now held in trust to an ample amount so that the income accruing with relation to said lots will warrant making them equally attractive with the others.

PUBLIC LIBRARY

Considering the limited amount of money which is furnished this department, the results obtained are worthy of favorable mention.

The librarian appears to be anxious to assist the patrons of the library, and the money seems to have been wisely expended at all times, therefore I have no suggestions to make.

Gentlemen: A majority of you are conversant with the conditions and management of municipal affairs, and from your experience, you may well realize how impossible would be the task of covering all the departments of the city in an intelligent manner, in the short time allotted to us here this morning, therefore I will not discuss the departments in detail any further.

A few years back, it looked as though Somersworth was entering upon an epoch of advancement, growth, and prosperity, which bade fair to equal, if

not exceed, the expectations of the most optimistic. Today, all is changed; now we seem to be fast approaching a condition of innocuous desuetude, and this great change has been brought about through the vast difference in the present labor conditions in this community as compared with those of two or three years ago.

Without discussing the merits of the local labor trouble, I want to say that this city has at hand a most serious situation, one that threatens the welfare and growth of this community, not only during the immediate future, but for years to come if the parties most vitally interested in the disagreement do not reach some amicable arrangement within a short time. It behooves every citizen who has the good interests of Somersworth at heart to do all in his power to bring the Great Falls Manufacturing Company and its employees together, if possible, and thus remedy the almost unbearable conditions which now prevail in our midst.

I have made a number of recommendations and suggestions in the line of improvement for our city, but all such changes must necessarily depend upon the amount of money we have to spend, for, above all, we must live within our income.

The proper administration of the financial affairs of our city so as to give our citizens the necessary improvements that are required, and to maintain those already made, without increasing the present tax rate, is the greatest problem you will have to work out. That problem, however, must be attended to, for our tax rate should not be raised, but lowered, if possible, particularly at this time when there is such a shortage of money among our whole population.

In closing, I am going to ask for the same degree of harmony and a more diligent application to your duties than prevailed in the council last year, and if my request is granted I have no fear for our success.

We will go ahead in a conservative manner, living within the means at our command, always bearing in mind our oath of office and the good welfare of our city.

Regardless of what some of our critics would have the people believe, I want to say to you that the finances of the City of Somersworth have not been in as good a condition as they are at present for twenty-five years, so let us watch out during the year to come, and see if we cannot improve our city and still continue to decrease our debt.

MUNICIPAL ELECTION

MARCH 8, 1921

The following is a statement of the vote of Ward 1, Ward 2, Ward 3, Ward 4 and Ward 5, as declared by the moderator of these respective wards, at the closing of the polls on the eighth day of March, 1921:

WARD ONE

MAYOR

Fred H. Brown, d,	202
George E. Varney, r,	158

COUNCILMAN, TWO YEARS

George T. Lebel, d,	198
Clarence A. Horne, r,	163

MEMBER OF SCHOOL BOARD, THREE YEARS

Annie M. Littlefield, d,	200
Alice M. Edgerly, r,	161

SELECTMEN

Gedeon Turcotte, d,	197
Amedee Cote, d,	197
Joseph Metivier, d,	198
Ralph C. Kimmens, r,	161
Albert E. Colburn, r,	164
Lezard Carrier, r,	165

WARD TWO

MAYOR

Fred H. Brown, d,	272
George E. Varney, r,	203

COUNCILMAN, TWO YEARS

Henry C. Harden, d,	275
George Moore, r,	200

SELECTMEN

Stephen D. Hourihane, d,	265
Arthur Breton, d,	265
Warren Carter, d,	265
Charles P. Kinsman, r,	206
Pierre P. Paradis, r,	209
Ernest Valley, r,	210

WARD THREE

MAYOR

Fred H. Brown, d,	214
George E. Varney, r,	106

COUNCILMAN, TWO YEARS

Laurent J. Gaudreau, d,	214
John E. Hanagan, r,	105

SELECTMEN

Patrick E. Hourihane, d,	211
Hilaire Bisson, d,	210
Doris W. Lamb, d,	210
John E. Spellman, r,	110
Joseph Moore, r,	111
John Rowland, r,	111

WARD FOUR

MAYOR

Fred H. Brown, d,	387
George E. Varney, r,	87

COUNCILMAN, TWO YEARS

Daniel F. Bohan, d,	381
Arthur Bernier, r,	93

SELECTMEN

Oliver St. Laurent, d,	380
Jerry Murray, d,	380
Peter D. Vachon, d,	380
Emile Boucher, r,	94
Michael D. Hanagan, r,	94
James J. McKee, r,	94

WARD FIVE

MAYOR

Fred H. Brown, d,	221
George E. Varney, r,	35

COUNCILMAN, TWO YEARS

Edward Carrier, d,	217
Arsene G. Dumais, r,	40

SELECTMEN

Thomas F. Mullen, d,	222
Telesphore St. Laurent, d,	222
Mary E. Ryan, d,	219
Frank Corry, r,	35
Albert Bernier, r,	37
Charles Pray, r,	37

MODERATORS

Ward 1, George T. Lebel; Ward 2, John F. Lucey; Ward 3, Thomas C. Joyal; Ward 4, Edward L. Flanagan; Ward 5, Edward N. Elwell.

WARD CLERKS

Ward 1, Napoleon A. Habel; Ward 2, Edward A. McKeon; Ward 3, Thomas E. Rowland; Ward 4, Ernest J. Couture; Ward 5, James F. Lawler.

SELECTMEN

Ward 1—Gedeon Turcotte, Amedee Cote, Joseph Metivier.

Ward 2—Stephen D. Hourihane, Arthur Breton, Warren Carter.

Ward 3—Patrick E. Hourihane, Hilaire Bisson, Doris W. Lamb.

Ward 4—Oliver St. Laurent, Jerry Murray, Peter D. Vachon.

Ward 5—Thomas F. Mullen, Telesphore St. Laurent, Mary E. Ryan.

CITY GOVERNMENT

1921

MAYOR

FRED H. BROWN

CITY CLERK

NAPOLEON A. BERUBE

CITY COUNCIL

ORGANIZATION

The third Tuesday in March at 10.00 o'clock A. M.

REGULAR MEETINGS

Each Tuesday during the month of April, and the first Tuesday in each month at 8.00 P. M.

COUNCILMEN

Ward 1—ERNEST A. LOTHROP, one year.
GEORGE T. LEBEL, two years.

Ward 2—WALTER J. GILBERT, one year.
HENRY C. HARDEN, two years.

Ward 3—WILFRID R. GOSSELIN, one year.
LAURENT J. GAUDREAU, two years.

Ward 4—ALFRED J. TURCOTTE, one year.
DANIEL F. BOHAN, two years.

Ward 5—WILLIAM H. CRAWFORD, one year.
EDWARD CARRIER, two years.

STANDING COMMITTEES

Finance—The Mayor, Councilmen Gaudreau, and Lothrop.

Horlor, William E. Reynolds, Adjutor Turgeon, Arthur L. Douglas, James M. Purington, Leo Ruel, Ernest E. Adams, Alec Dugan, Omer Gagne.

BOARD OF SUPERVISORS OF CHECK-LISTS

Ward 1, Honore Girard; Ward 2, Edward McKeon; Ward 3, Alfred Begin; Ward 4, William Peron; Ward 5, Albert A. Beaupre.

RESOLUTIONS

In Favor of Transferring from Any Department that may have an Excess of Appropriation:

Resolved: That the Committee on Finance be and hereby are authorized to transfer from any department, that may have an excess of appropriation, or from any money remaining in the treasury, not otherwise appropriated, and apply to such department that may have expended more than the appropriation therefor.

Passed March 1, 1921.

In Favor of Borrowing Money in Anticipation of Taxes:

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow, in anticipation of taxes, to meet current expenses, such amounts, and at such times, as may be deemed advisable, at the lowest rate of interest obtainable, the sum of all amounts so borrowed not to exceed fifty thousand dollars (\$50,000), and that the proper officers of the city be authorized to give the city's note, or notes, therefor.

Passed June 7, 1921.

In Favor of Expending an Amount, not Exceeding \$1500, for the Extension of the Municipal Water and Sewage System, in the New Dam District, so-called, in Addition to the Sum Already Authorized:

Resolved: That the Committee be and hereby are authorized and empowered to expend an amount, not

exceeding \$1,500 for the extension of the municipal water and sewage system in the New Dam district, so-called, in addition to the sum already authorized.

Passed February 27, 1922.

Be it Ordained by the City Council of the City of Somersworth:

That the Tax Collector shall receive for his services, for the municipal year of 1921, one per cent. of the first one hundred thousand dollars collected, and one and one-quarter per cent. on all further collections.

Passed February 27, 1922.

PETITIONS

Somersworth, N. H., March 1, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: The Twin State Gas and Electric Company respectfully petitions for a location of its poles and wires thereon, and the necessary supporting and strengthening fixtures and wires, on the following named streets and highways of said city.

Said Company agrees to reserve space for one cross-arm at the top of all the above poles, for telephone, fire alarm, and police signal wires, owned by the city and used for municipal purposes. Said poles to be used under the supervision of such officers as said city may designate.

The following are the streets and highways above referred to: The right to set three poles on the right-hand side of Depot street, near Buffumsville road.

Respectfully submitted,

THE TWIN STATE GAS AND ELECTRIC COMPANY,

By Leon M. Swett.

Referred to the Committee on Poles and Wires,
with power to act, March 1, 1921.

Somersworth, N. H., March 1, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: The Twin State Gas and Electric Company respectfully petitions for a location of its poles and wires thereon, and the necessary supporting and strengthening fixtures and wires, in the following named streets and highways of said city.

Said Company agrees to reserve space for one cross-arm at the top of all the above poles, for telephone, fire alarm, and police signal wires, owned by the city, and used for municipal purposes. Said poles to be used under the supervision of such officers as said city may designate.

The following are the streets and highways above referred to: Location of two poles on South side of Chesley avenue, re-location of poles on South street, which is in front of the Morrison residence, to the opposite side of the street.

Respectfully submitted,

THE TWIN STATE GAS AND ELECTRIC COMPANY,

By Leon M. Swett.

Referred to the Committee on Poles and Wires,
with power to act, March 1, 1921.

Somersworth, N. H., March 1, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: The Twin State Gas and Electric Company respectfully petitions for a location of its poles and the wires thereon, and the necessary supporting and strengthening fixtures and wires, in the following named streets and highways of said city.

Said company agrees to reserve space for one cross-arm, at the top of all the above poles, for telephone, fire alarm, and police signal wires, owned by the city and used for municipal purposes. Said poles to be erected under the supervision of such officers as said city may designate.

The following are the streets and highways above referred to: The right to set two poles on Depot street,

in front of the Great Falls Manufacturing Company's houses.

Respectfully submitted,
THE TWIN STATE GAS AND ELECTRIC COMPANY,
By Leon M. Swett.

Referred to the Committee on Poles and Wires,
with power to act, March 1, 1921.

Somersworth, N. H., February 10, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: The Senior Class of the Somersworth High School respectfully petition your Honorable Body for a rebate on play, presented at the opera house, February 7, 1921, for the purpose of defraying expenses for a trip to Washington.

Respectfully submitted,
BRADFORD W. McINTIRE,
Secretary.

Petition granted, on motion of Councilman Goselin, March 1, 1921.

Somersworth, N. H., February 4, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: I respectfully ask your Honorable Body to grant me a permit to hang an electric sign over the sidewalk at 72 Market street, in such a way as to be safe for citizens to pass under, without danger to themselves, and to meet with your approval.

Respectfully submitted,
WALTER L. WHITAKER.

Petition granted, on motion of Councilman Crawford, March 1, 1921.

Somersworth, N. H., January 4, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: I respectfully petition your Honorable Body to grant me a permit to put in a roll-way, leading to the basement of my block, 32 Market street, same to extend not over four feet from building, and to be built and maintained by me, under your direction.

Respectfully submitted,

WALTER L. WHITAKER.

Above petition was left to the discretion of the Mayor, with power to act, March 1, 1921.

Somersworth, N. H., March 28, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: We, the undersigned taxpayers of the city of Somersworth, respectfully petition your Honorable Body for the extension of the city water and sewerage system in the New Dam district to a point where your Honorable Body will deem it necessary.

(Signed)

Ernest D. Royce	Charles J. McGuinness
Thomas Robinson	Mrs. Myra Robinson
Lorenzo Pouliot	Yvonne Metivier
Octave Lessard	Frank Corry
Odilon Landry	Ernest Tanguay
Arthur W. Dunlap	Theodore Grondin
James E. Crawford, Jr.	Louis Tanguay
Leda LeHoullier	John Wentworth
Harry Ford	Mathilda Fournier
Henry LeHoullier	Louise Crawford
Henry Crawford	Angelina Lacoussiere
Joseph Tanguay	Stella Turmelle
Amaziah Irwin	Mary Curran

Petition granted on motion of Councilman Gaudreau, June 7, 1921.

In regard to above petition, it was voted at regular meeting held September 6, 1921, on motion of Councilman Crawford, that His Honor, the Mayor, appoint a committee of three, with power to act with reference to all details, and incur all expenses, not to exceed five thousand dollars. List of committee, as submitted by His Honor, the Mayor, were Councilmen Gaudreau, Gilbert, and Crawford.

At a special meeting, held October 6, 1921, it was also voted, on motion of Councilman Gaudreau, that the committee on same be authorized to expend one thousand dollars (\$1,000), in addition to the five thousand dollars (\$5,000), previously appropriated, to carry on the work.

Somersworth, N. H., March 28, 1921.

To the Honorable Mayor and City Council of the City of Somersworth:

Gentlemen: Respectfully petition the undersigned citizens and taxpayers of the city of Somersworth for an adequate sidewalk on the southerly side of Indigo Hill road, from Downs street to the New Dam road.

William H. Crawford	Arthur S. Cochrane
Henry Crawford	Lawrence Turmelle
James E. Crawford	Charles M. Robinson
Mrs. Anna Crawford	Mrs. Clara Libby
Thomas Robinson	Vitaline Cochrane
E. Everett Libby	Stella Turmelle
Alphonse Turmelle	

Referred to the Committee on Roads, Bridges and Drains, with power to act, April 12, 1921.

Somersworth, N. H., April 2, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: Your petitioners, junk dealers in the City of Somersworth, believing that the license fee for junk dealers is exorbitant, hereby respectfully request that said fee be reduced to ten dollars (\$10).

(Signed)

Harry Weisman
Samuel Bernstein
Julius Goldstein

Petition granted, on motion of Councilman Gaudreau, April 19, 1921.

Somersworth, N. H., April 5, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: I, the undersigned, hereby respectfully petition your Honorable Body for permission to install an electric sign over the sidewalk, in front of my place of business, known as the Somersworth Cafe, at No. 34 Market street.

JOHN RANGLES.

Petition granted, on motion of Councilman Gosse-
lin, April 12, 1921.

Somersworth, N. H., April 11, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: Your petitioner respectfully requests a permit to erect an electric sign near one of two windows, in office located on second floor of I. O. O. F. Block, Market street. Said sign is 20-inch drum, on

a three-foot bar, and is intended to hang over sidewalk.

Respectfully submitted,

PERCY E. BURGESS,
Optometrist.

Petition granted, on motion of Councilman Gosse-
lin, April 12, 1921.

Somersworth, N. H., April 16, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: Your petitioner respectfully requests your Honorable Body for a permit to erect a sign, to hang over sidewalk, at the place known as the "American Cafe," No. 27 Main street.

Respectfully submitted,

AMERICAN CAFE,

By George Filos and A. G. Sobliros.

Petition granted, on motion of Councilman Gilbert, April 19, 1921.

Somersworth, N. H., April 10, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: I, the undersigned, respectfully petition your Honorable Body for permission to place a barber's pole directly in front of my shop, located at No. 39 Franklin street.

Respectfully submitted,

ERNEST DUMAIS.

Petition granted, on motion of Councilman Gaudreau, April 19, 1921.

Somersworth, N. H., June 7, 1921.

To the Honorable Mayor and City Council of the City of Somersworth:

Gentlemen: The proceeds from the lectures given by Dr. Niles, in the Somersworth Opera House, are to be used for the benefit of the playground, and for public improvements.

Therefore, we, the members of the Civic Department of the Women's Club of Somersworth respectfully petition your Honorable Body to remit the rent for the opera house for said lectures.

Respectfully submitted,

LULA H. CHAPMAN,

Chairman Civic Department.

Petition granted, on motion of Councilman Lothrop, June 7, 1921.

Somersworth, N. H., June 7, 1921.

To the Honorable Mayor and City Council:

Gentlemen: The Somersworth Chapter of the American Red Cross hereby petition your Honorable Body to remit to the Chapter the rental of the theatre, in connection with the moving picture production, "Black Beauty," given as a benefit for the free clinic for the children of our public schools. In behalf of the Red Cross.

Respectfully submitted,

EMERSON T. BATES,

President.

Petition granted, on motion of Councilman Gaudreau, June 7, 1921.

Somersworth, N. H., May 17, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: We, the undersigned, residents and tax-payers, respectfully petition your Honorable Body for a street light, to be placed on Cliff street, approximately midway between Linden and Lincoln streets.

(Signed)

Somersworth, N. H., July 21, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: The Twin State Gas and Electric Company respectfully petitions your Honorable Body for a location of its poles and wires thereon, and the necessary supporting and strengthening fixtures and wires, in the following named streets and highways of said city.

Said Company agrees to reserve space for one cross-arm at the top of all the above wires for telephone, fire alarm, and police signal wires, owned by the city, and used for municipal purposes.

Said poles to be erected under the supervision of such officers as said city may designate.

Following are the streets and highways above referred to:

Three poles on the south side of Myrtle street, between Green street and the residence of Napoleon Gilbert.

Respectfully submitted,
TWIN STATE GAS & ELECTRIC COMPANY,
By Leon M. Swett.

Petition granted, on motion of Councilman Gosse-
lin, August 2, 1921.

Somersworth, N. H., August 1, 1921.

To His Honor, the Mayor, and City Council:

Gentlemen: The undersigned citizens and taxpayers respectfully petition your Honorable Body for a permit to hang a canvas sign for garage across Washington street, from pole to his garage.

Respectfully submitted,
FRED K. TOWLE, JR.

Petition granted, on motion of Councilman Bohan,
August 2, 1921.

Somersworth, N. H., August 1, 1921.

To His Honor, the Mayor, and Members of the City Council:

Gentlemen: The undersigned petition your Honorable Body for permission to hang an electric sign in

front of the Somersworth Fruit Company's store, 5-7 Main street.

Respectfully submitted,

SOMERSWORTH FRUIT COMPANY,

By Alex Valasico, Proprietor.

Petition granted, on motion of Councilman Gaudreau, August 2, 1921.

Somersworth, N. H., September 2, 1921.

To His Honor, the Mayor, and City Council:

lin, February 7, 1922.

ANNUAL REPORTS
OF THE
SEVERAL DEPARTMENTS
OF THE
CITY OF SOMERSWORTH
FOR THE YEAR
ENDING FEBRUARY 28, 1922

REPORT OF THE CITY SOLICITOR

To His Honor, the Mayor, and the Honorable City Council of Somersworth:

In submitting my report for the past year I am pleased to state that the year closed with no litigation against the city in any courts. Whatever claims have been referred to me have been disposed of fairly without the intervention of court proceedings.

It may not be out of place for me to suggest the advisability of a revision of the city ordinances. The last revision was over twenty years ago. Since then many new ordinances and many amendments to old ordinances have been passed, but have not been brought together and published in convenient pamphlet form. So that a search on the records for an ordinance concerning this or that matter of importance is invested with some difficulty and uncertainty. Ordinances, like laws of all kinds, should be made plainly known to the public, in order that there may be the least possible excuse for violation of them through ignorance.

Respectfully submitted,

CHRISTOPHER H. WELLS,
City Solicitor.

April 1, 1922.

CITY CLERK'S REPORT

Somersworth, N. H., March 1, 1922.

To His Honor, the Mayor, and the City Council:

Gentlemen: I herewith submit my report for the fiscal year ending February 28, 1922, as follows:

Miscellaneous licenses,	\$547 00
Dog licenses,	205 34
Automobile registration permits, 1921,	4,363 43
Total,	\$5,115 77
Transferred to City Treasurer,	5,115 77

Respectfully submitted,

NAPOLEON A. BERUBE,

City Clerk.

REPORT OF THE BOARD OF HEALTH

Somersworth, N. H., March 1, 1922.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit my report for the municipal year ending February 28, 1922.

INSPECTIONS

Schools,	4
Dwelling houses,	8
Stores,	6
Dumping places,	2
Privies,	12
Open sink drains,	2
Complaints from other sources,	50

CONTAGIOUS DISEASES REPORTED

	No. of Cases	Deaths
Diphtheria,	8	0
Typhoid fever,	114	3
Scarlet fever,	54	1

In concluding this report, I wish to thank the Mayor and City Council, and all the city officials for their assistance.

Respectfully submitted

HONORE GIRARD,

Sanitary Officer and Secretary

of the Local Board of Health.

STREET COMMISSIONER'S REPORT

Somersworth, N. H., March 1, 1922.

To His Honor, the Mayor, and the City Council:

Gentlemen: In accordance with the provisions of the City Ordinances, I herewith submit my fourth annual report as Street Commissioner, for the fiscal year ending February 28, 1922.

STREETS

All streets have been kept clean and also all highways cleared of stone or other matter liable to impair good traveling, and put in good condition, and where grading was necessary, improvements have been made. All trees in the city proper have been trimmed, and those that were useless were cut down.

ROADS

We have graded Blackwater road, also Indigo Hill road.

SIDEWALKS

The additional improvements we have made on the sidewalks for the year are as follows:

Granolithic sidewalks have been laid on the following streets: On High street, from Highland to Prospect streets; from Orange to Washington streets; from Fayette street to Shorey's lane; on Main street, from Walnut street to Indigo Hill road; on Franklin street, from Main to Green streets.

Concrete sidewalks have been laid on the following streets, namely: Second street, in the New Dam district; on Union street, from Pine to Tremont streets; Green street, from Ford street to Indigo Hill road; on High street, from Pleasant to Garden streets; on Franklin street, from Garden to High streets; on West High street, from High street to the residence of Napoleon A. Lavoie. The principal streets have also been oiled.

SEWERS

All the sewers about the city have been cleaned out regularly, when needed, and kept in proper condition to secure good drainage. We have also extended the sewer in the New Dam district.

I would recommend macadamizing a street each year on the hill and also one each year in the South End, so that in time they would all be in good condition.

Respectfully submitted,

POLYCARPE TARDIF,

Street Commissioner.

REPORT OF THE DIRECTORS OF FOREST GLADE CEMETERY

Somersworth, N. H., March 1, 1922.

To His Honor, the Mayor, and City Council:

CHIEF ENGINEER'S REPORT

Somersworth, N. H., March 1, 1922.

To His Honor, the Mayor, and City Council:

Gentlemen: Complying with directions and requirements, I take pleasure, as Chief Engineer, in submitting to you my annual report of your Fire Department.

ORGANIZATION

Chief Engineer—Edward L. Flanagan.

First Assistant—Thomas C. Joyal.

Second Assistant—Timothy J. Collins.

Deluge Hose Co., No. 1, fifteen men. Foreman, James F. Riley.

Alert Hose Co., No. 2, fifteen men. Foreman, W. Ashton Horne.

Deluge Hose Co., No. 3, fifteen men. Foreman, Gedeon Turcotte.

Conqueror Hose Co., No. 4, ten men. Foreman, Omer Raymond.

Rescue Hook and Ladder Co., twenty men. Foreman, Walter L. Haneghan.

Stewards: Deluge, No. 1, Sylvester L. Curley; Alert, No. 2, Martin F. McKeon; Deluge, No. 3, William Meiklejohn; Conqueror, No. 4, James Carrigan; Rescue Hook and Ladder Co., Alfred J. Turcotte.

An inventory of the department shows the following approximate value:

Deluge, No. 1,	\$1,433 00
Alert, No. 2,	1,160 50
Deluge, No. 3,	1,034 00
Conqueror, No. 4,	927 00
Rescue Hook and Ladder Co.,	758 00
Engineers,	20 00
Total (not including Fire Alarm System),	\$5,332 50

Including general, still, and engineers' calls, we have had fifty-seven alarms. Permits to burn brush, grass, leaves, etc., numbered fifty-four.

In recommendations and suggestions, I will place the matter of motorizing our Fire Department as one of paramount issue. Conditions are such that this improvement cannot be overlooked. For years the fire truck question has been agitated, but circumstances were of a nature that its necessity did not seem to appeal to the authorities in charge of the city's finances.

We are now confronted by a situation far different. The territory to be covered and protected by our Fire Department has grown and extended, and is still growing. We are not keeping abreast of it. Appearances speak for themselves, and observation is all-convincing. A motorized Fire Department is a necessity. An argument to the contrary would be an absurdity. The same is true as regards a central fire station, well equipped, and its equipment to include a

pulmotor of reliable make which could be given sufficient attention so as to expect it to operate in an emergency.

I speak in moderation on these points, having discussed them more extensively on other occasions, but nevertheless, whether due to weather conditions or unlooked-for causes, the Fire Department should be prepared in equipment to cope with emergencies.

As the greater part of the alarms for the past year were still and engineers' calls, mostly for chimney fires, I would suggest that through an appeal, or otherwise, property owners would give the chimneys and flues on their respective property the attention they require, and thereby render aid to the Fire Department, to their neighbor, and to the city, as a fire prevention measure.

I heartily approve of the fire drills held regularly in our schools, and suggest that a period of fire prevention be given occasionally. The Board of Education can rely upon our co-operation in this respect.

The above suggestions are based on personal observation, experience, and knowledge of existing conditions, and are presented as an aid to the promotion of efficiency, and to the general advancement and development of the department, to meet the requirements of the city's progress.

I wish to thank the Fire Committee, members of the Fire Department, and others, for their co-operation and expressions of gratitude, since the presentation of my last report.

Respectfully submitted,

EDWARD L. FLANAGAN,
Chief Engineer.

ANNUAL REPORT OF THE TRUSTEES OF THE SOMERSWORTH PUBLIC LIBRARY

*To His Honor, the Mayor, and the Honorable City
Council of Somersworth:*

Gentlemen: It is unnecessary these days to urge the importance of a good free public library to a community. Such an institution is not only a means of entertainment, but it is also in itself an educative force. One may obtain a liberal education by the reading of good books. It has been the purpose of the board to have the annual purchases of books include a large percentage of volumes of real permanent value, at the same time yielding to the public demand for fiction of the better sort.

The increased cost of books and supplies in recent years has added greatly to the expense of library maintenance and growth. It is of course essential, if a library be kept up to date, even, that a goodly number of new books be purchased every year. It seems as though it would not be practicable to attempt to keep our library reasonably abreast with the times on a less amount of money than was appropriated for library purposes last year.

We, or our successors, doubtless, will welcome the time when the City Council can see its way clear to making a much larger appropriation for library purposes, to the end that the institution may reach the highest plane of usefulness in the community. For the present year, with its possible demands upon the treasury, we do not feel like asking for any increase of appropriation for the library, but we do sincerely hope

and trust that it will not be less than last year's appropriation.

We present herewith the report of the librarian for the year. Mrs. Savithes has done excellent work and has given commendable service to the patrons of the library, with an especial interest in the school children. Her report will be found of interest, showing, as it does, a growing appreciation of the opportunities for reading and study offered by the library. The receipts and expenditures of the year are as follows:

RECEIPTS

Library,	\$437 70	
Library special,	1,800 00	
Chandler fund,	40 40	
Overdrawn,	234 18	
		\$2,512 28

EXPENDITURES

Books,	\$1,075 86	
Leona E. Savithes, librarian,	832 00	
Mildred Loring, assistant,	116 00	
Rebinding books,	100 90	
Lights,	68 20	
Magazines, 1922,	129 70	
Repairs,	10 85	
Printing, supplies, etc.,	111 27	
Insurance,	67 50	
		\$2,512 28

Respectfully submitted,

HAVEN DOE,
C. H. WELLS,
JOHN PARSONS,
A. J. BOUCHER,
Trustees.

REPORT OF THE LIBRARIAN

Somersworth, N. H., March 1, 1922.

To the Trustees of the Public Library:

Gentlemen: Herewith is submitted the report of the librarian for the year ending February 28, 1922.

The growth in the patronage of the library, as shown by the circulation statistics, continues to attest the appreciation of its facilities.

The number of books issued for home use during the year was 30,146, compared with 26,276 in the previous year, and 16,858 in 1919, thus demonstrating this growth to be both rapid and constant. It seems fair to state that not only the issue of books for home use, but the work of the library as a whole, has gained during the year. There is noticeable evidence that the library is used not only by more persons, but for a wider variety of purposes than ever. It is made use of constantly by students in the grades and High School, and the habit of resorting to the library for books and information has been acquired by many persons with whom the reading habit is of recent growth.

New books have been added regularly twice a month during the year and an endeavor has been made to buy copies of current books of permanent value in all classes of literature, as well as some of the best new fiction.

A serious addition to the expenses of the library the past few years has been the cost of books which remains above the normal figure, and some of these

new books are so badly bound that they fall to pieces in a very short time. The library, in consequence of this, and also because of the increased use of the books, rebound 213 volumes the past year. The small fund available for books has enabled us to buy only a small per cent. of new books on special subjects, and many much needed standard reference and classical volumes are not found in the library.

For the more important recent publications of non-fiction there has been a continuous request. This shows that the people of Somersworth are responsive to the purchase of new books and desire not only amusement, but assistance toward wider interests and more effective efforts.

After the books are purchased but a small amount is available for proper equipment and administration of the library, and an increase in the appropriation is much needed.

In order to have our library meet the needs of its patrons and have it rank with libraries in cities of like size, it will be necessary to add a much larger number of books with each succeeding year. The American Library Association states that \$1.00 per capita of the population of the city served is a reasonable minimum annual revenue for the library in communities desiring to maintain a good modern public library.

The appreciation of the library's privileges is demonstrated not only by the increasing number of books issued, but also by the large patronage of the reading room. Adults and children avail themselves of these privileges. The young people monopolize the children's corner at certain hours of day, and frequently every chair is occupied by them. The problem of discipline is at times a difficult one, as is natural

in such congested quarters. It seems that the use of the library has far outgrown the accommodations for both book borrowers and those who would avail themselves of the reading room. It seems certain that we shall have a good argument for an adequate building within a few years, as we are fast outgrowing our present quarters.

Grateful acknowledgment is made of numerous gifts during the year, including books from Emerson Bates, Leonora Bates, G. H. Came, Agnes Garland, Mrs. Celia Hussey, Mrs. Chester Loring, H. P. Mullen, Mrs. J. M. Russell, Ednah Tolles.

The past year brought an amount of success, and it is the earnest endeavor of the librarian and assistant to meet every requirement of a modern library fully and satisfactorily and to extend the library service to everyone in our city.

Respectfully submitted,

LEONA E. SAVITHES,
Librarian.

REPORT OF INSPECTOR OF PLUMBING

Somersworth, N. H., March 1, 1922.

*To His Honor, the Mayor, and the City Council of the
City of Somersworth:*

Gentlemen: I herewith submit my report for the year ending February 28, 1922. During the year I have inspected twenty-four sewer connections. This number includes the tapping of sewer mains in streets, and extension of such sewer service, previously placed in buildings, for the proper drainage of the several toilet and sanitary fixtures placed therein.

Respectfully submitted,

E. J. MORIN,
Plumbing Inspector.

AUDITOR'S REPORT

To His Honor, the Mayor, and City Council:

Gentlemen:—We hereby certify that we have examined the books and vouchers of the City Clerk and of the City Treasurer, and find same to agree. All payments are properly vouched and the accounts correctly cast. We have also examined the accounts of the superintendent of Water Works, superintendent of Forest Glade Cemetery, Tax Collector, Clerk of Municipal Court, and City Messenger, finding receipts and expenditures to agree with the accounts of the Clerk and Treasurer.

In accordance with our recommendation we are pleased to note some changes in method of recording financial transactions between the office of Clerk and Treasurer, which we believe will be to the advantage of all concerned.

Respectfully submitted,

FRED K. WENTWORTH,

PATRICK D. O'CONNELL,

Auditors.

August 5, 1922.

LOCATION OF FIRE ALARM BOXES

- 12 City hall.
- 13 Indigo Hill road and Third street.
- 14 Main and Spring streets.
- 15 Indigo Hill and Main street.
- 16 New Dam Mill section.
- 23 Myrtle and Green streets.
- 24 Franklin and Green streets.
- 25 Tremont and Green streets.
- 32 Washington and High streets.
- 34 High street and Bartlett avenue.
- 35 South and High streets.
- 37 Bartlett avenue.
- 41 Highland and Grand streets.
- 43 Lincoln and Maple streets.
- 52 Fore and Elm streets.
- 54 Market and Prospect streets.
- 2-2-2 Brush fire.
 - 1 All out.
 - 2 Chimney fire.
 - 3 Engineer's call.
 - 6 Scouts' call.

SIGNALS

One stroke of the Bell is the all-out signal.

2-2-2 strokes of the bell are for a brush fire, or a fire seen at a distance, where the department is needed.

One stroke of the bell is the engineer's test.

The above signals are given only by the chief engineer.

GENERAL RULES

Firemen, as well as citizens, should familiarize themselves with the following rules for giving alarms of fire:

1. Never pull a box for a fire seen at a distance.
2. Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms or two boxes for the same fire.
3. To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the door, but do not try to remove the key, as it is locked in a track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.
4. Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

REPORT OF THE WATER COMMISSIONERS

March 1, 1921, to March 1, 1922

WATER COMMISSIONERS

FRANK E. HOBBS, Chairman.

CHARLES F. CROCKETT, Clerk.

PETER M. GAGNE.

Frank E. Hobbs, elected March 27, 1912; term expires
June 16, 1924.

Charles F. Crockett, elected March 28, 1905; term ex-
pires June 16, 1923.

Peter M. Gagne, elected January 5, 1915; term expires
June 16, 1922.

REPORT OF WATER COMMISSIONERS

To His Honor, the Mayor, and City Council:

Gentlemen: In accordance with the City Ordinances, your Board of Water Commissioners herewith submit the following annual report for the year ending February 28, 1922.

Following the usual custom, the Commissioners met at their office in the city building, June 16, 1921, and organized by electing Frank E. Hobbs, chairman, and Charles F. Crockett, clerk. John F. Lucey was elected superintendent of water works.

PUMPING STATION

The machinery at the pumping station is in good working condition. The boilers have had their customary inspection by The Fidelity and Casualty Company, and found in good condition. Minor repairs have been made to boiler setting during the past year, and two new sections have been put in smoke flue. The wood work around the building should be given attention by painting. The coal shed, also, needs repairing. A new chlorine control apparatus of the M. S. type has been installed, and is giving perfect satisfaction.

Several samples of water have been sent to the State Laboratory of Hygiene at Concord, N. H., and very satisfactory reports have been received from the same.

FILTER BED

The filter bed has been cleaned, when necessary, and is now doing its work in a very satisfactory manner.

STAND PIPE

The stand pipe is in first-class condition at this time. It needed very little attention during the past winter.

HYDRANTS

The hydrants were tested at intervals during the year, and found in good working condition.

DISTRIBUTION PIPING

An extension of the distribution system from Indigo Hill road to the New Dam mill was put in during the past year.

SERVICES

Twenty-three new services have been laid during the past year, making a total now in use, 1047. Many services have had to be cleaned out and repaired during the year.

METERS

There have been forty-nine new meters installed during the year, making a total of 536 now in use. There have also been many old ones replaced during the year.

RECEIPTS AND EXPENDITURES FROM MARCH 1, 1921, TO
MARCH 1, 1922

Faucets,	\$4,402 90
Bath tubs,	249 60
Water closets,	2,021 40
Washing machines,	504 60
Special rates,	4,380 05
Hose,	102 40

Horses,	\$ 82 20
Cows,	13 20
Heating apparatus,	29 20
Service pipes,	39 95

	\$23,949 99
Abatements,	361 00
Amount collected;	\$23,588 99
Uncollected from water takers,	\$299 43

BILLS APPROVED FOR PAYMENT WITH THE VARIOUS DE-
PARTMENTS TO WHICH THEY BELONG

MAINTENANCE

Office expenses,	\$ 267 25
Salaries,	2,200 00
Pumping station,	12,988 69
Meter service,	403 42
Distribution piping,	22 65
Service pipes,	1,196 98
Hydrants,	213 68
Total,	\$17,292 67

CONSTRUCTION

Meter service,	\$913 52
Distribution pipes,	7 01
Service pipes,	724 10
	\$1,644 63
Total,	\$18,937 30

SUMMARY ACCOUNT, SHOWING EARNINGS, RECEIPTS,
AND EXPENDITURES FROM MARCH 1, 1921, TO
MARCH 1, 1922

Bills collected by superintendent,	\$23,219 89
Bills approved,	\$18,937 30

Respectfully submitted,

FRANK E. HOBBS,
CHARLES F. CROCKETT,
PETER M. GAGNE,
Water Commissioners.

REPORT OF SUPERINTENDENT

To the Board of Water Commissioners:

Gentlemen: The following report of the Superintendent for the fiscal year ending February 28, 1922, is respectfully submitted.

PUMPING STATION

The machinery at the pumping station is in good working condition. The boilers have had their customary inspection by The Fidelity and Casualty Company, and found in good condition. Minor repairs have been made to boiler setting during the past year, and two new sections have been put in smoke flue. The woodwork around the building should be given attention by painting. The coal shed, also, needs repairing. A new chlorine control apparatus of the M. S. type has been installed, and is giving perfect satisfaction.

Several samples of water have been sent to the State Laboratory of Hygiene at Concord, N. H., and very satisfactory reports have been received from the same.

FILTER BED

The filter bed has been cleaned, when necessary, and is now doing its work in a very satisfactory manner.

STAND PIPE

The stand pipe is in first-class condition at this time. It needed very little attention during the past winter.

HYDRANTS

The hydrants were tested at intervals during the year, and found in good working condition.

DISTRIBUTION PIPING

An extension of the distribution system from Indigo Hill road to the New Dam mill was put in during the past year.

SERVICES

Twenty-three new services have been laid during the past year, making a total now in use, 1,047. Many services have had to be cleaned out and repaired during the year.

METERS

Forty-nine new meters have been installed, and many old ones replaced during the year. Total now in use, 536, classified as follows:

Dwellings,	470
Dwellings and stores,	35
Stores,	9
Schools,	5
Mills,	3
Clubs,	2
Shoe shops,	1
Laundries,	1
Banks,	1
Halls,	2
Restaurants,	1
Barns,	3
Depots,	2
Garages,	1
Total,	536

Owned by the Department, 531; private, 5.

Cash received from March 1, 1921, to February

28, 1922, \$23,219 89

Cash on hand, March 1, 1921, 369 10

\$23,588 99

Deposited with City Treasurer, \$23,460 00

Cash on hand, March 1, 1922, \$128 99

Uncollected from water-takers, \$299 43

In closing, I desire to express my thanks for the many kindly expressions from the gentlemen of the Board, and to all those whom it has been my pleasure to meet in my capacity as superintendent of the Somersworth Water Works during the past year.

Respectfully submitted,

JOHN F. LUCEY,
Superintendent.

February 28, 1922.

REPORT
OF THE
SCHOOL BOARD OF
SOMERSWORTH

INCLUDING

Detailed Account of the Expenditures During the
Year Ending February 28, 1922

DEPARTMENT OF PUBLIC INSTRUCTION.

1922-23

Peter M. Gagne, Chairman.

Edward McKeon, Secretary.

Members

Ward 1—Mrs. Horton Littlefield, term expires, March, 1924.

Ward 2—Mrs. John R. Uniack, term expires March, 1925.

Ward 3—Patrick E. Hourihane, term expires March, 1925.

Ward 4—Edward L. Flanagan, term expires March, 1925.

Ward 5—Peter M. Gagne, term expires March, 1923.

Appointed by City Council—Edward McKeon and Edward C. Kavanaugh; terms expire March, 1923; Clement P. Roy and Archie L. Jacques; terms expire March, 1924.

Meetings—Third Wednesday in each month. Annual meeting first Tuesday in April.

Sub-Committees

Finance and claims—Roy, Flanagan, and Kavanaugh.

Repairs—Gagne, Kavanaugh, and Jacques.

Text books—McKeon, Mrs. Littlefield, and Mrs. Uniack.

Fuel—Gagne, Roy, and Hourihane.

High school—Gagne, Flanagan, and Mrs. Littlefield.

Elementary schools—Jacques, McKeon, and Mrs. Uniack.

REPORT OF SUPERINTENDENT OF SCHOOLS

Members of the School Board,
Somersworth, N. H.

Gentlemen:—I have the honor of submitting herewith my second annual report as superintendent of your schools. In it I shall make a brief survey of the accomplishments of the past year and discuss to some extent the problem of better high school accommodations.

The year just closing has been one of development, and marked by expansion and adjustment. Manual Arts and Domestic Arts under professionally-trained teachers have been made a regular part of the school curriculum. The mid-morning lunches, folk dancing, and games for the primary grades have brought better health and pleasure to the pupils as well as increasing their ability to make more rapid progress in their studies. The changes in the curriculum, especially in English, history and arithmetic, and the extension of the teaching of geography through the seventh grade, have resulted in a more thorough mastery of these subjects. Constant drill upon the fundamentals in order to secure skill and proficiency is necessary in teaching any subject. That the above changes have been brought about without confusion and loss is largely due to the intelligence and loyal co-operation of our teachers.

REPAIRS

During the summer vacation of 1921 extensive and much-needed repairs were made in the Union street and Burleigh buildings, in addition to furnishing and

equipping the third floor of the Chandler building for Domestic Arts. The wood work of the Union street building was painted and the walls tinted. The building therefore presented a neat and attractive appearance to the pupils when they returned to school in September. Roof guards were placed on three sides of the roof, thus avoiding very grave danger of snow slides during the winter season. The old-fashioned toilets which would not be tolerated in any home were removed from the Burleigh building, and new sanitary toilets installed. The equipment for Domestic Arts consists of a large well-lighted room for sewing, a well-equipped laboratory for cooking, and individual lockers for each girl. The cost of these repairs and improvements amounted to over six thousand dollars.

HEALTH TRAINING

I feel that under the direction of Miss Ellen F. Doran the health work in the schools is bringing positive results. The details of her work will be found in her special report.

Medical inspection in the schools serves a two-fold function: First, to find out the physical defects of children and as far as possible to secure such treatment as will either cure or remedy the defects. This is the curative part of medical inspection. The second function is positive; it seeks not merely to cure, not merely to give information and knowledge of things which make for good health, but rather to secure action and habitual practice in the rules which secure right and healthy living. It is not enough to cure physical weakness and disease. The boys and girls must be taught how to live in accordance with the principles of good health. Such matters as brushing

the teeth, sleeping nine or ten hours every night with the windows open, taking a full bath every week, eating proper food—and this includes, for children, drinking milk, not tea or coffee—eating sweet foods after and not between meals,—these are some of the fundamental truths which are being impressed upon the minds of the children, and put in practice.

EVENING SCHOOL

Owing to the industrial conditions prevailing the past year the enrollment was not as large as in previous years. We were fortunate, however, in securing six of the former corps of experienced teachers for this work. Notwithstanding the fact that the textile strike occurred in February, the attendance at the evening school was not seriously affected, only those dropping out of school who were obliged to leave the city to seek employment elsewhere. This certainly speaks well for the excellent spirit existing in the school and the co-operation between pupil and teacher.

At the graduation exercises held in the Chandler School building on the evening of March 24, certificates of graduation were presented to the following:

Joseph Aubin,	Emile Dumont,
Wilfred Lemey,	Miss Imelda Rousseau,
Miss Eva Trudel,	Miss Laura Poitras,
Miss Rosa Plante,	Miss Valida Langevin,
Miss Aura Dumond,	Miss M. Louise Dumond.

Another very important feature of the evening school work is the Citizenship Class, in which men were prepared for citizenship, not merely by speaking and reading our language, but also by learning something of our history and our political institutions. Graduation Citizenship diplomas from the United

States Department of Labor were presented to the following men who had already passed their examinations to become citizens of the United States:

Irene Roy,	Nester Masse,
Albert Masse,	Arthur Normandeau,
Arthur Lagueux,	Joseph Michaud.
Louis Croteau,	

Of this number Mr. Croteau and Mr. Roy, members of last year's citizenship class, passed their examinations last September.

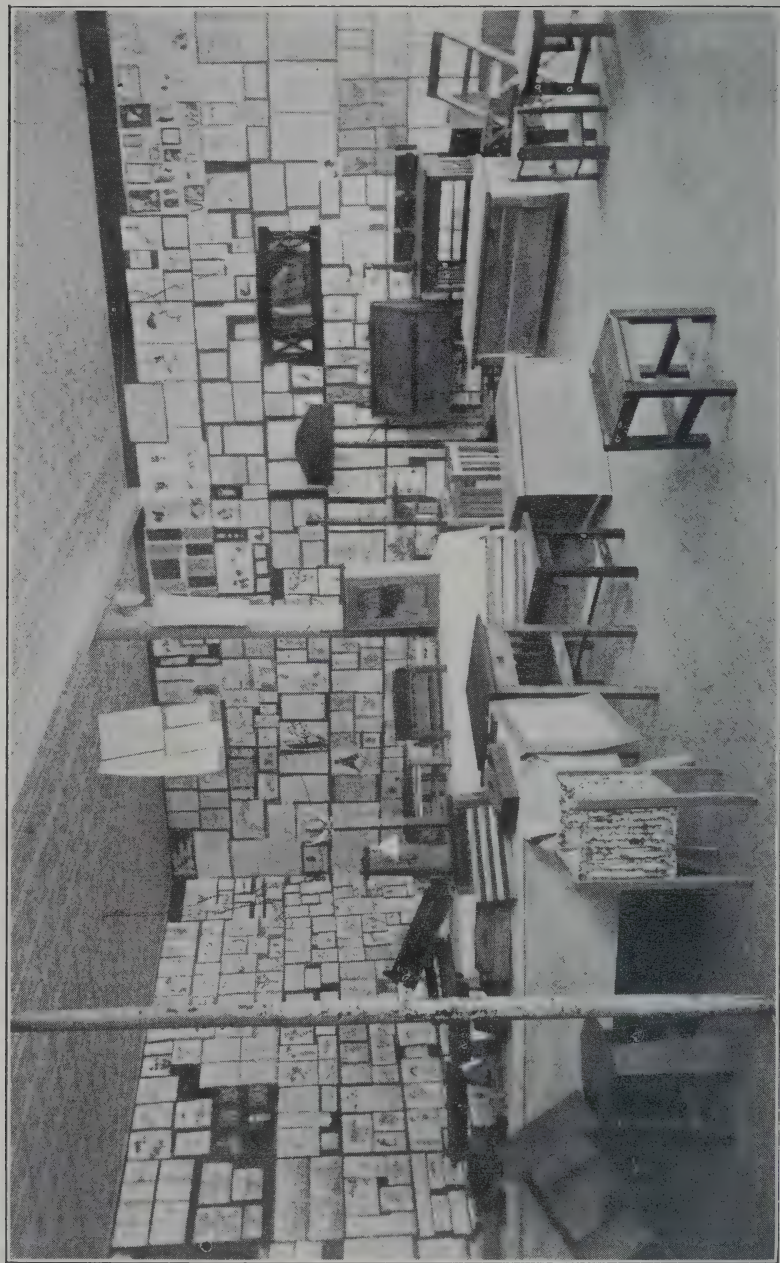

STATISTICS OF THE EVENING SCHOOL

1. Number sessions,	60
2. Number enrolled	
Men over 21 years of age,	24
Men under 21 years of age,	26
Women over 21 years of age,	10
Women under 21 years of age,	39
3. Enrollment by nationality,	
French,	77
Greek,	17
Italian,	1
Albanian,	1
4. Aggregate attendance,	3,919
5. Aggregate absence,	543
6. Per cent. attendance,	88
7. Average attendance,	65
8. Average absence,	9
9. Average membership,	74
10. Number present fewer than five nights,	3

AGE-GRADE ENROLLMENT

The following table giving the enrollment by grades and ages shows a slight increase in the number of over-

age pupils, compared with the enrollment of last year. The special room, under Miss Drew, is of great service, in that many over-age boys and girls can secure the special, individual training which they need. Moreover, they associate with boys and girls of their own age and are therefore happier in their school life.

Drawing and Manual Training Exhibit, June, 1922

AGE-GRADE ENROLLMENT TABLE

GRADE	No. 5-6 yrs.	No. 6-7 yrs.	No. 7-8 yrs.	No. 8-9 yrs.	No. 9-10 yrs.	No. 10-11 yrs.	No. 11-12 yrs.	No. 12-13 yrs.	No. 13-14 yrs.	No. 14-15 yrs.	No. 15-16 yrs.	No. 16-17 yrs.	TOTAL	No. Normal Age	No. Under Age.	No. Over Age
	No. 5-6 yrs.	No. 6-7 yrs.	No. 7-8 yrs.	No. 8-9 yrs.	No. 9-10 yrs.	No. 10-11 yrs.	No. 11-12 yrs.	No. 12-13 yrs.	No. 13-14 yrs.	No. 14-15 yrs.	No. 15-16 yrs.	No. 16-17 yrs.				
Grade 1	42	36	15	4	3	2	2	1					102	78		24
Grade 2	19	18	14	14	8	6	5	2	8				68	37		31
Grade 3		17	17	11	8	8	2	2					68	34		34
Grade 4				20	16	9	6	13	9	4	2		79	36		43
Grade 5				2	12	15	6	8	21	10	6		80	27	2	51
Grade 6					15	15	7	8	13	13	11	1	68	22	2	46
Grade 7						2	15	7	11	12	10		57	22	1	33
Grade 8						1	14	10	4	8			37	24		12
Special							1	3	10	9			23			23
Totals	42	55	50	57	50	57	42	54	75	53	46	1	582	280	5	297

There is also a slight increase in attendance, 583 this year in comparison with 555 last year. In addition to the above the High school enrollment is:

Senior Class,	21
Junior Class,	13
Sophomore Class,	22
Freshman Class,	32
Total,	88

The total enrollment there for the year 1921-22 is 670. The percentage of attendance is 95. There were only 334 cases of tardiness, or .0016 per cent. This is a very excellent record.

PREPARATION FOR COLLEGE

It is a pleasure to say that the boys and girls who went to the various colleges last September from the Somersworth High School did unusually well. The one who entered Bates College is making a splendid record. Four entered New Hampshire State College; all passed in every subject in the fall term, and the average rank of each was over 80%—the pass mark is 60%. Two entered Holy Cross College; one has attained a rank of 95%—very unusual standing—and the other's ranks were very satisfactory. The one who entered Trinity College, Washington, D. C., is also making a fine record.

From the correspondence which I have had personally with the officials of these colleges there is no question that the members of the class of 1921—the only graduating class of which I have personal knowledge—were adequately equipped to take up their work in college.

HIGH SCHOOL ACCOMMODATIONS

I feel that the time is at hand when the school board and the tax-payers of Somersworth should seriously consider the erection of a new high school building. The present building, although the first historically to be erected in the State of New Hampshire, does not meet the requirements of the present day. It is sadly out of repair, the recitation rooms are too small, there is no ventilation system, and it has no gymnasium or auditorium. All of these things are necessary for the health and intellectual progress, as well as for the social and recreational life of the boys and girls. Some may argue that the school should not attempt to provide for the social and recreational needs of the pupils. The fact of the matter is very evident that unless we do make ample provision for the social and recreational activities of our boys and girls, those who can afford to do so will go elsewhere. We must face the fact that the high school of today has a materially different problem from that of twenty or thirty years ago.

If the tax-payers should visit the High school when it is in session, especially during the winter months, and then inspect two or three up-to-date high schools, the vote would be overwhelmingly in favor of a new high school building. I believe that every parent and every citizen of the city of Somersworth feels that his children and the children of this city are entitled to as good school conditions as the children of any other city of equal wealth and that the children of the poor should be entitled to as good school housing as the children of those who can afford to pay for better accommodations elsewhere. The fact that so many of our boys and girls go to a neighboring school, where they enjoy

gymnasium and auditorium advantages, seems to me to be ample evidence that there is a real demand for better school accommodations in Somersworth.

Reference has been made to the general appearance of the building. The floors, although clean, are old and badly worn, so much so that few housewives would have such a floor in her kitchen. The walls are dingy and gloomy; the few class rooms are entirely too small and in winter time are usually either too hot or too cold, and have no ventilation except by opening the windows. Frequently from twenty to twenty-five pupils are seated in a classroom nineteen feet by twenty-one feet for a period of forty minutes, with no ventilation, or, if the windows are opened, there is great risk of catching cold. Recitations are held in the laboratory, where the fumes of the gases poison the air and endanger the health of the pupils. Fresh air is essential to physical and mental activities, as much so as good gasoline is essential to the smooth working of an automobile engine. Too often fathers will say harsh things about poor gasoline for their automobile engines, but are indifferent to the poor and poisoned air which their children are compelled to breathe.

Assuming, then, the urgent need of better housing, the practical question comes, whether the city of Somersworth is financially able to afford a new or a remodelled high school building. Just at present times are hard and any material increase in taxation would be inadvisable. We must, however, look at the matter broadly and fairly. The city of Somersworth is the eleventh city in wealth in the State of New Hampshire. We can say without contradiction that her high school accommodations are the poorest among the eleven cities. I believe, however, that the failure to have a

new high school building before this time is due to a lack of appreciation of conditions, rather than to a stingy and penurious policy on the part of the taxpayers.

In order that the burden of the taxation may not be materially increased, it is possible for the city to issue bonds redeemable at two or three thousand dollars a year. This method would not increase the tax rate materially, and would not prove a hardship to any of our tax-payers. In fact, this is the method usually pursued by cities who have good school accommodations. The results educationally to the city of Somersworth would be most gratifying. Instead of a high school of eighty-eight pupils, in a few years we would undoubtedly have one of two hundred. The school would attract and hold boys and girls. We would have a high school in which all citizens and pupils would feel a justifiable pride.

COMPARATIVE SCHOOL EXPENSES

The following table gives the inventory valuation, the estimated school expenses for the present school year, and the school tax per \$1,000 of inventory valuation.

City or Town	Inventory Valuation	Estimated School Expenses	School tax per \$1,000
1. Milford,	\$3,360,571	\$51,351.77	\$15.27
2. Concord,	18,678,788	258,283.75	13.82
3. Penacook,	2,596,589	29,000.00	11.55
4. Claremont,	9,336,850	101,337.50	10.82
5. Newport,	4,515,524	45,450.00	10.06
6. Berlin,	16,742,421	154,000.00	9.20
7. Rochester,	9,309,873	83,608.00	8.98
8. Exeter,	4,567,200	38,910.00	8.51

9. Franklin,	\$6,474,296	\$51,000.00	\$ 7.87
10. Portsmouth,	16,150,000	141,983.00	8.16
11. Nashua,	37,052,503	250,000.00	6.74
12. Dover,	13,700,404	92,332.75	6.74
13. Laconia,	12,000,000	86,000.00	7.16
14. Somersworth,	7,091,169	47,000.00	6.63

The actual expenses of the Somersworth schools for the current year will be slightly in excess of \$6.63 per thousand, owing to the fact that over \$6,000 was spent last summer in repairs and equipment.

OTHER CITIES

The following letter from Mr. Walter M. May, Deputy Commissioner of Education, under date of June 12, 1922, should interest the tax-payers:

"Your high school building at Somersworth is the poorest in any of our cities. Dover, Rochester, Manchester, Keene, Concord, and Portsmouth all have good modern high school buildings. Manchester is, as you know, just completing a very fine new practical arts high school building to supplement their present older building. Berlin, where I was last Wednesday, is just completing a fine new high school building which will be ready for occupancy in the fall. They are to use the present high school building for grades VII and VIII of the Junior High School. Nashua completed a fine high school building two years ago. Laconia has just floated bonds for a new \$225,000 high school building upon which work will be begun this summer.

"This interest in modern high school buildings, which has been very manifest in our cities, is also found in our smaller communities. The little town of Winchester recently voted to erect a new high school

building. The still smaller town of Madison has passed a similar vote.

"Of all our cities there is only one besides Somersworth which has an old high school building and has not taken definite plans to erect a modern structure in its place. I hope that the school board and citizens of Somersworth will find it possible to erect a modern high school building for the benefit of the excellent boys and girls in that city."

In conclusion I wish to express my thanks to the School Board, teachers, and citizens of Somersworth for their hearty co-operation. I feel that we have a very competent and conscientious corps of teachers who are working along approved lines and who are securing very good results.

Respectfully submitted,

WALTER H. YOUNG,

Superintendent of Schools.

REPORT OF HEAD MASTER OF HIGH SCHOOL

To the Superintendent of Schools:

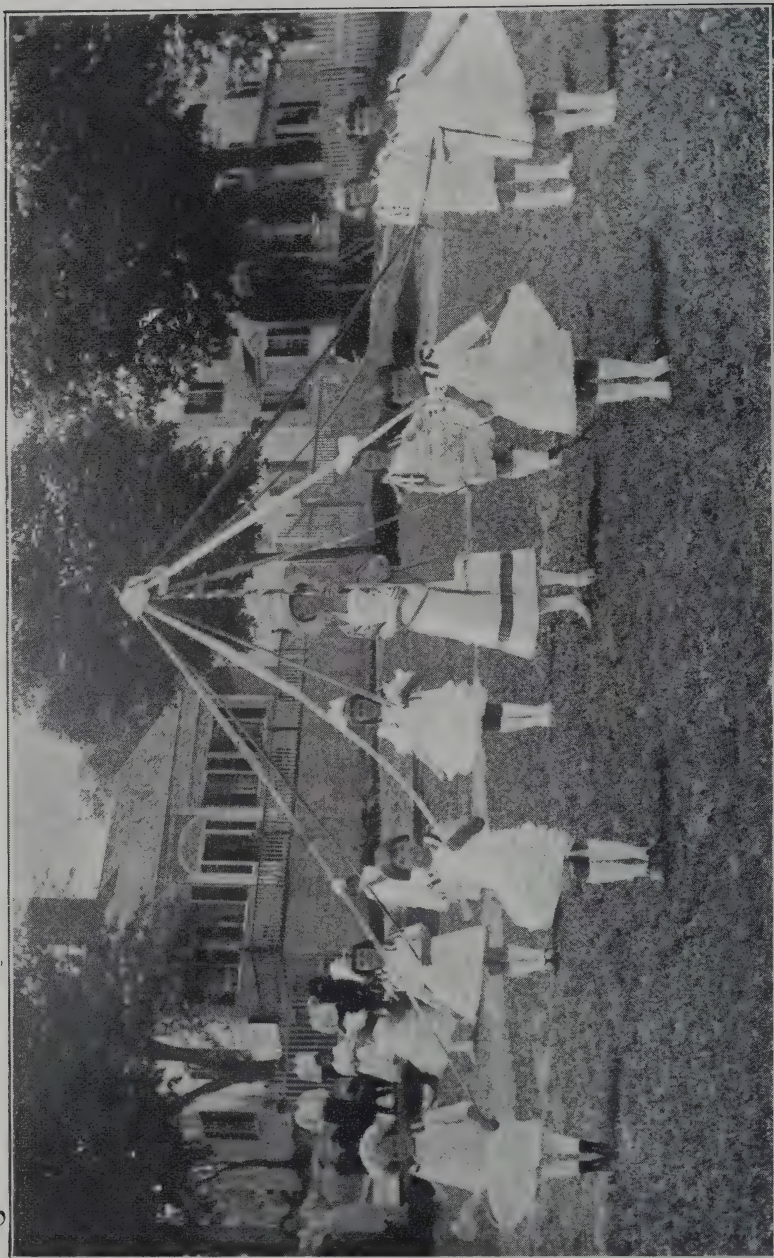

I herewith submit to you the second annual report of the Somersworth High School.

As in the two previous years, the continuity in instruction has been broken by a mid-year change in teachers. Miss Alice Gasaway, who assumed charge of the English department at the beginning of the school year, resigned February 1, to resume her collegiate studies at Wellesley. Miss Elinor Horne, a Wellesley graduate, was secured to fill this vacancy. The Commercial department, too, has been since September under the supervision of a new head, Miss Loretta Gagne, who has ably carried on the work of her predecessor, Miss Ryan. The other departments have suffered no change, being under the control of the same efficient teachers of the previous year.

That the instruction given in your High School is, in a high degree, meritorious is evidenced by the work of the recent graduates. Of the nineteen members of last year's graduating class, twelve entered colleges or other institutions of post-secondary grade. These boys and girls by their commendable efforts in these institutions have given undeniable proof that our sound foundational instruction is based upon right principles. An unbiased survey of the school conducted by disinterested educators would, I think, lead to the same conclusion.

The most noteworthy innovations of the year were the restoration of the manual training courses for the boys and the introduction of parallel courses in

MAYPOLE DANCE, MAY, 1922

domestic arts for the girls. These courses are without equal in their ability to reach pupils whose ideals of achievement are comprehended in concrete, rather than in abstract, terms. The material phase of the work appeals to them. Many who find a geometrical proposition too abstruse for solution can readily solve a much more complicated design, merely because their imagination is stimulated by the fact that their own hands can accomplish the reality of that particular design. I have not the space at my disposal to enumerate the advantages accruing in the way of mind and muscle correlation in this type of work, but I firmly believe that the sooner these courses are extended to include all the classes in high school, then the sooner will we be turning out boys and girls better fitted to confront present-day conditions and better adapted to assume a higher place in the economic life of our community.

There is one other aspect of our school life which I like to lay before you. It is that of extra-curricula activities. During the past year an opportunity was given the pupils to indulge in social activities in the school building. This was accomplished by placing the desks and chairs of a portion of the main room on runners, so that they could be removed, thus giving ample room for dancing. Some six or seven socials were enjoyed during the year, and under the supervision of the teachers the influence of dancing seems to be refining rather than otherwise, for it is held by most educators that physical grace is as essential as facility in oral expression, and dancing does for the one that which composition strives to secure in the other.

Our physical training has been a great improvement over that of former years, though, hampered as

we are for suitable space and equipment, it will never amount to anything of educational value until we have an adequately-equipped gymnasium. The students at present are necessarily restricted to the aisles between the desks; this naturally prevents the normal freedom of movement which is essential in the up-building of muscles. In addition to this the vitiated air of an ill-ventilated room is but poor fuel for lungs dilating under the exertion of physical training.

Dramatization is another phase of school work which needs development, and here again we suffer from lack of proper equipment. The several little plays given in school were extremely good, but the conditions under which they were produced often brought in a ludicrous element which spoiled the effect of an otherwise good drama. An artistic setting for such plays is much to be desired, and it can be secured by us now only with the expenditure of much time and money. As a stimulant to the imagination and a vehicle for the better interpretation of English literature I know of no other medium which can equal the drama in effectiveness. The presentation of a playlet, or a brief historical pageant, fixes in the mind as nothing else can a concept of human passion and action which, without this medium, is incomprehensible to immature intellects; here it is that thought receives its proper motivation and by a felicity of external expression really becomes a part of one's self.

Respectfully submitted,

JOHN R. UNIACK.

REPORT OF MUSIC SUPERVISOR

To the Superintendent of Schools and Members of the
School Board:

Gentlemen: It is with pleasure that I submit my first report as supervisor of music in your schools.

The primary aim of music instruction in the public schools should be the development of a lasting love for the best in music and an intelligent appreciation of it.

I am following the course introduced by your former supervisor, Miss Agnes G. Garland. Therefore, we are using the Progressive Music System, which is rich in beautiful and inspired songs. Progressive readers are used in all the grades and work with monotonous is carefully carried on by our lower grade teachers. To them much credit is due.

In these grades folk dancing has been introduced and the children respond with great enthusiasm.

Folk dancing is of educational and physical value because of its development of the rhythmic instinct. In many cases the rhythmic instinct has not been awakened. Some children have not learned to march in time to music or to keep step with their mates. Children rhythmically deficient must have this instinct aroused through folk dancing and the like.

The feeling for rhythm, developed through muscular response from the larger muscles of the body and limbs, will, in time, enable the child to control the finer muscles of the vocal organs. Oftentimes this is the only way of reaching the so-called monotone.

While folk dancing is an enjoyable feature of the school work to the children, it should be remembered

that it is of very vital value. Besides assisting materially in the physical development of the child, it also contributes largely to that gracefulness and ease of manner which will be invaluable in later life.

We have given a number of programs at school and an exhibition was given at the Teachers' Institute. We had planned an exhibition for the benefit of the general public, but on account of labor conditions it was thought advisable to postpone it.

In our Grammar grades we are following the Progressive course and in assembly periods, taking up unison, two and three-part songs. Three choruses were purchased from the Eldridge Entertainment House which we are enjoying. Our orchestra, which consists of three violins, one mandolin, and piano, has furnished numbers for several entertainments and also played twice for the Music Department of the Woman's Club. We are hoping to add new members next year.

The music periods at High school are spent in the singing of three and four-part choruses. In the winter term fifty copies of the Ditson Octavo, "The Forest Dance," were purchased.

Memorial Day exercises at the Burleigh, Union, and Chandler schools are worthy of mention. The programs consisted of singing and folk dancing and the interest of the public was evidenced by the number of visitors.

In closing, I would express my deep appreciation of the co-operation and help of the superintendent, teachers, and friends.

Respectfully submitted,

MAERICE K. BLACKINGTON,

Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent of Schools and the School Committee of Somersworth:

The work in the drawing department of the schools has been carried on as carefully as possible and has progressed very satisfactorily. The pupils have accomplished more than they ever have since I have had charge of this department.

The general line of work has been drawing from nature and from objects, and doing as much as possible in the designing of useful objects and suitable decorations for them. A good deal has been undertaken in the way of constructive work, that is, the mapping out of patterns for objects and constructing them from paper of various thicknesses according to the ability of the pupils.

Remarkable work has been done in the line of posters by the pupils of the seventh and eighth grades. The pupils made some health posters by request of the school nurse. She selected ten of the best posters, which she has sent to Keene Normal School, where there will be an exhibition of school posters sometime during the summer months.

In the special room a good deal of work was done on drafting paper—designs for embroidery, rugs, linoleums, and advertisements. The work thus accomplished was highly praised at both exhibitions.

When special work was taken up, prizes of crayons or water colors served as stimuli to the ambitions of the children and encouraged them to do better work.

I thank the Superintendent and the School Board for their generous assistance and the teachers for their hearty co-operation.

Respectfully submitted,

ALMA B. ROY.

REPORT OF SUPERVISOR OF DOMESTIC SCIENCE

To the Superintendent of Schools and Members of the
School Board:

Gentlemen: It gives me pleasure to submit a report of the Domestic Science work in your schools. I wish to take this opportunity to thank the Superintendent, teachers, merchants, and parents for their very helpful co-operation.

In the fall our work started with canning and jelly-making for all classes. About two hundred and seventy-five jars of fruits and vegetables were canned, and about one hundred and twenty-five jars of jelly. Classes taking the work are as follows: Freshmen, Grade 8, two Grades 7, and a special class.

The object of the work has been to teach the girls how to make practical and simple dishes that were to be used in definite meal plans; to not only measure accurately and learn the methods of mixing, but to serve the food in the most palatable and attractive manner. Six meals have been served by each class.

The sewing work began with basting and the running stitch made on a duster. Again, basting and hemming on a hand towel. The next problem was a cooking apron; here previous stitches were made use of, also cutting, overcasting, use of the machine, making buttonholes, sewing on buttons, gathering, putting on bind, and inserting a bib. The last problem for the grades was a nightgown; here they made French seams, hemmed a curved edge, sewed on lace and beading by hand. The Freshman girls made gingham or

voile dresses in addition. All classes had lessons on darning and patching, also finished some embroidered, crocheted, or knotted article.

May I take this means of extending an invitation to every one to visit any of our work at any time.

Respectfully submitted,

MILDRED E. DOHERTY.

REPORT OF INSTRUCTOR OF MANUAL TRAINING

Somersworth, N. H., July 4, 1922.

To the Superintendent of Public Schools and the School
Board of the City of Somersworth, N. H.:

In accordance with your request, I hereby submit my first annual report of my work in the Somersworth public schools.

Instruction has been given to 86 students in the arts of mechanical drawing and manual training. Since all the students were without previous experience, it was found necessary to start all the classes as beginners.

The students were first taught the names and uses of the different tools. Each student was required to do a certain number of exercises which have been found to be fundamental to all carpenter work. As soon as a student had advanced far enough in his work he was allowed to start some project, choosing, as far as possible, an article actually needed in his home. Before starting a project, however, he was required to make a complete working drawing of it.

The students displayed great enthusiasm and worked hard throughout the entire year. An exhibit of completed work was held on the ninth of June. This exhibit showed to the public what can be accomplished by hard and faithful work.

A great difficulty was found in obtaining well-seasoned lumber. Another hindrance to good work was the extremely low temperatures so regularly met

with in the classroom. This latter hindrance became very noticeable when applying varnish.

The installment of wood-working machines is to be highly recommended. The machines needed the most are as follows: Universal saw, band saw, jointer, and speed lathe.

In conclusion, allow me to say that I hope the Board will pass favorably upon the recommendations, for I firmly believe that, if the report be accepted and the recommendations passed, the Board will feel satisfied with the results.

Respectfully submitted,

ERLING HEISTAD,

Instructor of Manual Training.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and the Members of
the School Board:

Gentlemen: Permit me to submit the following report of Public Health teaching as taught in the Somersworth schools the past year.

All the pupils were given a physical examination, and a report of the defect or defects was sent home to the parents. Calls were made to the homes to which cards had been sent, and the condition of the child and the necessity of seeing a physician explained to the parent. These cases were followed up from time to time until they were corrected. On account of the conditions of the city this past year very few defects have been corrected.

A visit was made to each school twice a week and class talks were given frequently. A quick examination was done every two or three months.

The mid-morning lunch was introduced into the schools through the kindness of the Woman's Club and the Catholic Women's Guild. At first the lunch was started in the first and second grades, but very soon nearly all the children in the first five grades were having it. It proved a very great benefit to the children.

Malnutrition work was started about the first of February in the Burleigh, Union, and Chandler Schools. All the children were re-weighed, and notices were sent home to the parents of those who were underweight, asking them to co-operate with us in getting these children up to normal weight. These

children were weighed every week and talks were given along health lines. There were 97 underweight and 57 of these were 10% or more underweight. At the end of the year a number of these came up to normal and a large number of others made a good gain but did not quite reach the normal point.

I wish to express my sincere appreciation for the co-operation given me by the Superintendent, teachers, and parents.

Respectfully submitted,

ELLEN F. DORAN.

REPORT OF COMMITTEE ON FINANCE AND CLAIMS

Somersworth, N. H., March 1, 1922.

To the School Board:

Gentlemen: Your committee on finance and claims herewith submits its report for the year ending February 28, 1922.

The following amounts have been placed to the credit of the public schools during the past year:

CLASS ODE

Tune—Aloha Oe

Somersworth High on good old Prospect Hill

Four years we've worked along with you,
And may memories of those happy days
Always keep us loyal, brave and true.

Chorus

Of you we'll dream
When life's dark shadows fall,
And when our joy returns anew
To you we'll turn,
And those four happy years
Which filled our lives with friendships true.

Tonight our thoughts are turning back once more
To those bright happy days gone by
When as carefree students we all met
And enjoyed work and play in Somersworth High.

Benediction

CLASS ODE

Tune—"When Shall We Meet Again?"

Tonight we stand on this threshold here
And think of the years that have flown;
The joys we've known and the friendships true
We'll ne'er forget or disown.
Each hour brings with it
Our near farewell,
That fills our hearts
More than tongues can tell.

First Chorus

Money may stolen be,
Treasures be lost at sea,
But lessons we learned at school
Are present with us ever;
And that school we'll hold in esteem
Shall be Som'sworth High—the one of bright memories;
Classmates of '22—shall e'er be proud of you.

Second Chorus

Life is a garden great,
Out in the open plains, friends;
Sunshine and storms ride through,
Leaving their imprints there, friends.
If dull clouds should wend their course toward us,
We'll just smile and think of the sunshine,
And all will be answered when
Light rays shall come again,
